

## Portal Home Page Resource – For Students

See below a list of things you can do from the portal homepage.

1. **Messages:** Access all your messages from housing here.
2. **Application/Request Forms:** Apply for housing and requests (join a waitlist, cancel your application etc.).
3. **Screen Name:** View your screen name to share with potential roommate(s).
4. **Mailing Address:** View your address for mail and packages (*only if you have a reservation*).
5. **Express Checkout:** Click to complete an express checkout (*only if you have a reservation*).
6. **QR Code:** View your QR Code for contactless check in/checkout (*only if you have a reservation*).
7. **Room Assignment:** View your room assignment for check in/checkout (*only if you have a reservation*).

The screenshot shows the portal homepage for a student named Mo Aremu. The interface includes a navigation bar at the top with 'Request Forms' and 'Application' links highlighted in yellow (callout 1). A sidebar on the left contains 'Messages' (99+), 'Request Forms', and 'Application' (callout 2). The main content area features a welcome message and a 'Housing Details' section. In this section, the 'Screen Name' is '27700Are' (callout 3) and the 'Mailing Address' is displayed (callout 4). Below the address, there are two buttons: 'Apply for Housing' (callout 5) and 'Express Checkout'. A note below these buttons states: 'For move-in information like appointment dates and times, go to [miami.edu/housing/move-in](https://miami.edu/housing/move-in)'. Further down, there is a section titled 'Your No Contact Check in/out QR Code' which contains a QR code (callout 6) and the alphanumeric code 'Eaton-255-A1' (callout 7).
