

Roommate Agreement

Roommate relationships are a critical aspect of the college experience. Developing a positive relationship is a process; it does not happen overnight and takes effort. Though this agreement is not meant to be a comprehensive guide to roommate relationships, it is a great place to begin conversations around your roommate relationship and will hopefully serve as a solid foundation for a meaningful, productive, and mutually beneficial relationship between both roommates. Each room will receive a copy of this form. Use this along with the roommate guide to create a foundation. Turn the completed form into your RA (Please print legibly).

Foundational Principles:

Roommates should work together to define these principles specifically. The six principles create an environment where residents:

1. feel safe from harm
2. have a clean and well maintained space
3. are able to prioritize academic success
4. have respect for personal space and belongings
5. have an environment conducive to sleep
6. are able to communicate and resolve grievances

See the roommate guide for more information.
