Summer housing applications are available in March 2018. Completion of the housing application for one of the summer terms does not guarantee an assignment. Applicants that apply by May 1st for summer terms “A” and “C” are assured of placement and those applying for summer term “B” must apply by June 15th.

Applications submitted after these dates will be assigned on a space available basis. Applicants should not continue to pursue off-campus housing accommodations once a completed application for on-campus housing is submitted as significant cancellation penalties will apply.

In order to submit your housing application, you will be required to make a prepayment of $500 at the end of the application process via this online portal.

Room assignments will be based on the date the student completes the Housing Application. Therefore, we encourage all students to APPLY EARLY.
