When picking up your belongings you will receive a call before the driver arrives. You will be given a 15 minute grace period starting when the driver arrives to your location. If you are not ready after the grace period has passed the driver will leave and you will have to pay a fee for their return or be responsible for bringing your items to the store yourself.

Insurance Notice: In case of accidental damage (fire, water, theft, etc.) The UPS Store insures each container stored for a total up to \$100. Insuring a container above \$100 will require the customer to take out personal renter's insurance.

CALL AT LEAST ONE WEEK IN ADVANCE when scheduling your pick up & drop off.

I have read the storage agreement form and agree to the terms listed above.
